Architects

NC State University and the NC Urban Forest Council are excited to present the Southeast Trees and the Law Symposium!

Whether you are a city employee or work for a tree care company, you need to understand the laws that govern your industry. Arborists, landscape contractors, landscape architects and those in allied fields face ever-increasing threats from civil and even criminal suits.

Join us for this truly unique event and hear from some of the best legal and arboricultural experts in this arena. This day long, intensely focused symposium will provide attendees with tips and key takeaways to help you avoid litigation and negative economic impacts.

Topics:

- defending the guilty • tree ownership • trespass & encroachment • negligence • arborist liabilities • duty of care • risk assessment • handling yourself in a deposition & in the courtroom • arboricultural fallacies

Presenters:

Mr. Mike Comer, *Attorney at Law*
Mr. Tony Mollica, PhD, *Attorney at Law*
Mr. Joe Samnik, *Consulting Forensic Arborist, Expert Tree Consultant, LLC*
Mr. Mark Duntemann, *Senior Consultant, Natural Path Forestry*
