

Carolina Canopy Workshop

Urban Wood Use: Getting Value from your Urban Trees

August 23, 2019

Workshop Location

Reedy Creek Park—shelter #3
2900 Rocky River Rd.
Charlotte, NC

A tremendous amount of sound wood is wasted regularly in communities across the state whenever shade trees must be removed, being ground to mulch or cut into firewood. This workshop is intended to bring together suppliers, processors, and end users of urban wood who recognize the value of the resource and wish to make better use of the material. The workshop serves as a step to further develop the NC Urban Wood Groups and to link potential partners.

Approved Education Credits:

SAF - xx CAT I credits
ISA - xx CEU's

FULL AGENDA

- 8:15 - 8:45 Registration

- 8:45 - 9:45 **Certification Partnership to Support Urban Wood Utilization and Community Benefits**
Katie Fernholz, Dovetail Partners - This presentation will discuss a new initiative to unify an urban wood certification strategy with the goal of aligning existing programs that recognize responsible management practices in the urban forest.

- 9:45-10:45 **Washington DC Urban Wood Program**
Duff McCully, District of Columbia

- 10:45 - 11:05 **Break**

- 11:05 - 12:05 **Biochar—What is it and What it Means to You?**
Liza Holmes, Bartlett Research Lab

- 12:05 - 1:05 Lunch (provided by Arboguard Tree Specialists)

- 1:05-2:05 **Expanding Business Opportunities in Urban Trees**
Bill St. Pierre, St. Pierre Woodworking

- 2:15 - 3:15 **Virginia's Urban Wood Program**
Lara Johnson & Joe Lehnen, Virginia Dept of Forestry - Starting in 2016, the VA Urban Wood Program continues to witness increasing interest and momentum across the state. Vibrant communication and collaboration within the agency, and among partners, has resulted in one of the fastest emerging urban wood programs in the US.

- 3:15 - 3:30 **NC Urban Wood Group Discussion and Next Steps**
