

Carolina Canopy Workshop

Managing an Urban Landscape

9:00 –9:10 a.m. Welcome

9:10 - 10:05 a.m. Stormwater Pollution Prevention in the Landscape

Shauna Haslem, City of Fayetteville

When it rains, rainwater runs off of hard or impervious surfaces such as roadways, sidewalks, and parking lots, washing pollutants to the nearest river, lake or stream. During the presentation, we will discuss how landscape professionals can help to prevent stormwater pollution, and protect water quality.

10:05 - 11:00 a.m. Invasive Plants in NC: Ecology and Control

Colby Lambert, NC Cooperative Extension

Invasive plants are a problem in much of NC and the problem is growing worse each year. We will discuss how invasives get started, why they become an issue, where to find information on them, and the top 10 list of invasives in NC.

11:00 - 11:15 a.m. Break

11:15 - 12:15 p.m. xxx

Charles Allen, Greenbiz Nursery and Landscape Co.
