

# Carolina Canopy Workshop

## Planning for Landscape Success with Trees

**8:15 - 8:45 a.m.** Registration, Welcome, Introduction

**8:45 - 9:30 a.m.** Best Practices: Tree Design Overview

*Katie Rose Levin, Executive Director, Trees Durham*

*What do trees in the city need? New research has figure out what trees need to succeed. In this program, we'll look at the basic size, space, soil and water needed to grow our trees into healthy, beautiful and functional infrastructure. This information will help you design and manage for tree success.*

**9:30- 10:15 a.m.** From Paper to Trees: Landscaping Ordinances & the Planning Process

*Andy Piper, Senior Planner, City of High Point*

*When trees are incorporated into development plans or municipal improvement projects there is usually an ordinance establishing requirements for how that landscaping should take place. This presentation will highlight the role of ordinances, along with other non-regulatory documents, in guiding the planning process, and explore how it impacts our urban forests using real-world examples.*

**10:15- 10:30 a.m.** BREAK

**10:30 - 11:15 a.m.** Making a List, Checking it Twice

*Jennifer Rall, Project Manager, Landscape Design of Goldsboro*

*Many municipalities have an approved plant list to guide designers and developers' selection of appropriate plant species for residential and commercial developments. This presentation will discuss what to look for and resources to use in updating, or creating, an approved planting list.*

**11:15 a.m. - 12:00** Trees & Utilities: Working Together for Beautiful & Functional Communities

*Jason Combs, Division Vegetation Management Specialist, Duke Energy*

*Jason will provide a comprehensive overview of planting and maintaining trees near utility lines, and introduce the newly revised Trees & Utilities homeowners guide.*
