

NCFS Urban & Community Forest Grant Request for Proposal Webinars

A series of 1-hour webinars,

January 20 & 22 2021

Please join us to learn more about the grant program and how municipalities, non-profits, educational institutions, and state organizations can apply for 2021 NCFS Urban & Community Forestry (U&CF) Grant. More information can be found on the NC Forest Service's web site at: https://www.ncforestsservice.gov/Urban/urban_grant_program.htm

If you are planning on or considering submitting a grant proposal, we request all potential applicants to attend one of the offered webinar sessions. This includes those of you who have attended a workshop or successfully applied for a NCFS U&CF Grant in the past. There have been numerous updates to grant program requirements and your proposal will be judged on meeting those requirements.

Webinar attendees will be given an opportunity to ask questions and learn:

- Grant submission requirements
- Grant project priorities and guidelines
- Formulate a well-written application, the foundation for funding consideration
- New contracting requirements, forms, and updates to the Request for Proposals

Contact Jennifer Rall, Urban Forestry Specialist with the NC Forest Service Urban & Community Forestry Program at: Jennifer.rall@ncagr.gov or 919-857-4841 with any questions.

Register for only one webinar date

January 20, 2021 – 10 a.m. – 11 a.m.

January 22, 2021 – 10 a.m. – 11 a.m.
